KingFloor® EP100T System

Heavy duty epoxy topping for floor surfaces

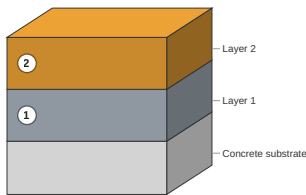

KingFloor Primer | KingFloor EP100T

Manufacturer	KingKrete	Resin Base	Epoxy
System Reference	FL-EP-EP100T	No. of Layers	2
System Type	Heavy duty epoxy topping for floor surfaces		
Document	System Information Sheet · Issue 01.2026 · V1.0		

1. SYSTEM OVERVIEW

KingFloor EP100T is a three-pack solvent free, epoxy- based topping that provides floor surfaces with a seamless, hygienic and cosmetically attractive finish. KingFloor EP100T is applied by trowel and can be coved and laid to falls and has a very good durability towards pedestrian and vehicular traffic. It also has very good resistance towards many of the chemicals commonly found in an industrial environment (consult our Technical department for further details).

2. SYSTEM BUILD-UP

NO.	COMPONENT / LAYER	FUNCTION
1	KingFloor Primer	Primer / bonding coat
2	KingFloor EP100T	Epoxy floor coating
-	Concrete substrate	Prepared base (shot-blast / grind)

Indicative system cross-section

3. TYPICAL APPLICATIONS

- if Warehouses
- if Paint workshops
- if Dairies
- if Chemical factories
- if Oil refineries
- if Freezers and refrigerated storage (at 5 mm thickness)

System overview and applications summarised from the individual product Technical Data Sheets (TDS). Refer to the relevant KingKrete product TDS and Safety Data Sheets for complete specifications, mixing, coverage and application details.
