KingRep® EP60T System

High strength repairing and bedding epoxy mortar

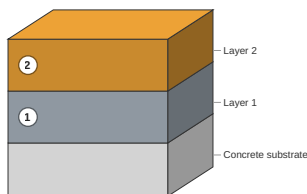

KingFloor Primer | KingRep EP60T

Manufacturer	KingKrete	Resin Base	Epoxy
System Reference	CR-EP-EP60T	No. of Layers	2
System Type	High strength repairing and bedding epoxy mortar		
Document	System Information Sheet · Issue 01.2026 · V1.0		

1. SYSTEM OVERVIEW

KingRep EP60T is a three-component, solvent-free and high strength epoxy mortar designed primarily for use in construction and renovation work. KingRep EP60T is supplied in a grey concrete colour to match existing concrete substrates. When finished correctly, it provides an impermeable layer with excellent resistance to abrasion, weathering and chemical attacks.

2. SYSTEM BUILD-UP

NO.	COMPONENT / LAYER	FUNCTION
1	KingFloor Primer	Primer / bonding coat
2	KingRep EP60T	Epoxy repair / strengthening layer
-	Concrete substrate	Prepared base (shot-blast / grind)

Indicative system cross-section

3. TYPICAL APPLICATIONS

☐ Repairing of deep sections in columns, walls and heavily loaded areas

☐ Bedding mortar beneath the transition strips in expansion joints

System overview and applications summarised from the individual product Technical Data Sheets (TDS). Refer to the relevant KingKrete product TDS and Safety Data Sheets for complete specifications, mixing, coverage and application details.
